Engineer to Estimate Unknown

We would be obliged if you could contact the repairing garage and/or the client as appropriate and agree figures with the repairer – **do not authorise repairs**. Please do not agree a contract repair in excess of 80% of the vehicle value. All contract repairs must be fully itemised.

Please confirm if the vehicle is un-roadworthy and/or illegal to drive.

Vehicle Status – Undriveable

Please could you check the damage for consistency with the following accident circumstances?

Our client was correctly proceeding in the left- hand lane heading eastbound for approximately ten minutes on Altrincham Road in Manchester. This is a dual lane road that only allows traffic to flow in our client's direction. Our client was just passing the Royal Mail Post Office when your insured, stationary in the bus lane outside of the Post Office, failed to check their mirrors and give way whilst pulling out onto the main road, resulting in a collision, causing damage to the whole of the nearside of our client's vehicle. Both parties pulled over to exit their vehicle and exchange details.

Damage Area – Front Nearside: Moderate, Nearside: Moderate, Rear Nearside: Moderate

Wheel arch completely dented

Wheel alloy is scraped

passenger side door front wont open and scratches

passenger back door is scratched

Pre-existing Damage: Drivers side has a small scratch

TP Vehicle: AUDI A6 SPORT 40 TFSI MHEV S-A

TP Registration: MV72ZBF
