Engineer to Estimate Unknown

We would be obliged if you could contact the repairing garage and/or the client as appropriate and agree figures with the repairer – **do not authorise repairs**. Please do not agree a contract repair in excess of 80% of the vehicle value. All contract repairs must be fully itemised.

Please confirm if the vehicle is un-roadworthy and/or illegal to drive.

Vehicle Status – Undriveable

Please could you check the damage for consistency with the following accident circumstances?

Our client entered the Chiswick Roundabout from Great West Road, intending to take the fifth exit, also back onto Great West Road. They were correctly travelling in the second-to-leftmost lane to do so. The Chiswick Roundabout consists of five entry and exit points. It accommodates three lanes for travel on the roundabout. Your insured, while proceeding in the left most lane of the roundabout in an ambulance attempted to cut across into our client's lane in order to continue onto the roundabout, colliding with the front nearside of our client's vehicle while merging across lanes.

Damage Area – Front Nearside: Moderate - headlight cracked and loose, sharp edges around headlight, wheel scraped and wing area scratched, tyre still intact, bumper underneath headlight damaged

Pre-existing Damage: None

TP Vehicle: MERCEDES-BENZ SPRINTER 519CDI
